

CITY OF FORT LAUDERDALE UPDATE

UPDATE ON SEWER MAIN REPAIR ACTIVITIES IN FORT LAUDERDALE

December 30, 2:30 p.m.

Following is an update on sewer main repair activities and restoration work on NE 5 Street in Victoria Park, SE 10 Street along the north side of Virginia Young Park in Rio Vista, and the Himmarshee Canal in Beverly Heights. In addition, below are updates on ongoing cleanup and remediation efforts in the Hector Park area along Ponce de Leon Drive in Rio Vista.

Operations in Victoria Park

- A contractor is on site today to performing asphalt work and road repairs on NE 5 Street.
- NE 5 Street between NE 16 Avenue and NE 17 Way remains open to local traffic only while restoration work continues.
- Crews from Cliff Berry, Inc. (CBI) continued conducting cleaning and pressure washing activities in the affected area on NE 5th Street.

Operations in Virginia Young Park

- The contractor is completing backfilling work around the new section of 54-inch pipe that was installed on SE 10 Street along the north side of Virginia Young Park.
- Work continues on demobilization of equipment and site restoration activities.
- Crews from Cliff Berry, Inc. (CBI) are conducting remediation activities including cleaning and pressure washing streets, sidewalks, and driveways in the affected area.
- Stormwater staff is conducting maintenance activities on catch basins, tidal valves, and storm drains in the affected area.
- Virginia Young Park remains closed while repair activities are taking place.
- Neighbors are reminded that the area in and around Virginia Young Park is an active construction zone and access is restricted to appropriate operational and management personnel.

Operations in the Himmarshee Canal

- Divers are examining the valve device around the submerged 48-inch pipe in the Himmarshee Canal today to check its operation and functionality.
- Three aerators will continue to operate in the Himmarshee Canal to help improve water quality.
- The Himmarshee Canal from S. Federal Highway to the New River remains under a precautionary advisory for recreational water-related activities. Swimming, fishing, jet-skiing, paddle-boarding, kayaking, canoeing, or engaging in any water-related activities within the precautionary advisory area should be avoided.

Cleanup and Remediation of Ponce de Leon Drive/Hector Park Area

- Crews from Cliff Berry, Inc. (CBI) are conducting cleanup, pressure washing, and deodorizing activities where needed on Ponce de Leon Drive, SE 11 Street, and in areas around Hector Park.
- Stormwater staff is checking catch basins, tidal valves, and drainage operations in the affected area.

-Hector Park remains closed to the public while restoration and remediation work continues.

Environmental Activities

-Air quality testing was conducted by GHD, an environmental services company, on December 23, 2019 at 78 locations in the affected area of the Rio Vista neighborhood. Measurements were taken for airborne concentrations of hydrogen sulfide (H₂S), carbon monoxide (CO), oxygen (O₂), and volatile organic compounds (VOCs). None of the 78 tests detected any concentrations above acceptable levels.

-Water sampling continues to be conducted daily at 16 points in the Tarpon River and New River. Water samples taken on December 28, showed 14 of the 16 samples with passing results. The two sampling points that are not meeting required levels are located at 1111 Ponce de Leon Drive and on the east side of the Andrews Avenue Bridge.

-Water sampling is also being conducted at 3 points in the Himmarshee Canal. Water samples taken on December 28 showed none of the three samples with passing results.

-Aerators will be consolidated and repositioned in closer proximity to the sampling locations in the Tarpon River, New River, and Himmarshee Canal that are not producing passing water quality results.

-Crews from Cliff Berry, Inc. (CBI) conducted air lancing activities today in the Tarpon River to help break down the organic material that was discharged into the waterway.

-Boats will continue to patrol the canal system in and around Rio Vista and in the Himmarshee Canal conducting skimming and debris removal on the waterways.

Precautionary Advisory for Water-Related Recreational Activities

-A precautionary advisory for recreational activities in local waterways remains in effect.

-The boundaries are Broward Boulevard to the north, Poinciana Drive to the east, SE 15 Street to the south, and SW 18 Avenue to the west. Water-related activities including swimming, fishing, jet-skiing, paddle-boarding, kayaking, and canoeing should be avoided within these boundaries.

Road Closures in Rio Vista

-Roads in the immediate vicinity of Virginia Young Park remain closed including portions of SE 10 Street and South Rio Vista Boulevard east of SE 9 Avenue, as well as SE 9 Avenue from south of the intersection at SE 8 Street to Ponce de Leon Drive.

-There is no access east of SE 9 Avenue at the intersections of SE 9 Street, SE 10 Street, South Rio Vista Boulevard, and the north side of Ponce de Leon Drive.

-To view a map of the road closures, please visit <http://bit.ly/34W91Q6>.

Safety Tips

-Neighbors in the affected areas are reminded to avoid contact with any standing water.

-If contact is made, please remember to follow proper hygiene procedures. Wash your hands with soap and warm water or an alcohol-based hand sanitizer immediately after contact with wastewater, especially before preparing or eating food.

-Be sure to keep all children and pets away from any area affected by the wastewater spill that has not been remediated.

-Keep a container or spray bottle outside residential entryways with a 90/10 solution (90% water to 10% household bleach) to clean shoes and other items that may have come into contact with wastewater.
